TECHINAL SKILLS

Mobile App Development:
- React Native
- Redux
- Expo

Backend Development:
- Node.js
- Express.js
- MySQL

UI/UX Design:
- Figma

Frontend Development:
- JavaScript

Soft Skills:
- API Integration
- Problem Solving
- Analytical Thinking
- Agile/Scrum Methodologies

PROJECT MANAGEMENT

- Git
- Jira
- Trello

DATABASE MANAGEMENT

- MongoDB
- PhpMyAdmin
- Firebase
- Redis

ABOUT ME

I have 2 Years of Experience in mobile application development with expertise in React Native and JavaScript. Proficient in Node.js for server-side development and MongoDB for effective database management. Skilled in utilizing Express.js, a popular Node.js web application framework. Designed user interfaces and experiences for mobile applications using Figma.

PROFESSIONAL EXPERIENCE

Mobile Application Developer
2022 – Present

- ✓ Experienced software developer specializing in React Native for cross-platform mobile app development using JavaScript.

- ✓ Proficient in Node.js for server-side development, MongoDB for database management, and Express.js for web applications.

- ✓ Skilled in Figma for designing seamless user interfaces and experiences. From concept to implementation, I excel in end-to-end mobile app development, covering design, backend, and front-end coding.

PROJECTS

- ✓ **Brandmax**
  - **Tech Stack: React Native, Node JS, Mongo DB, Express JS, Figma (UI)**
  - Implemented React Native for cross-platform compatibility, achieving a **15% improvement** in app performance.
  - Utilized Node JS and Express JS for robust back-end functionalities, contributing to a **30% reduction** in data handling time.
  - Integrated Mongo DB for scalable data storage, leading to a **25% enhancement** in app performance.
  - App Link: BrandMax App

- ✓ **Hyr**
  - **Tech Stack: React Native**
  - Designed and implemented the front-end using React Native, accounting for a **40%** improvement in user experience.
  - Collaborated with cross-functional teams to enhance app features, resulting in a **25% reduction** in user-reported issues.
  - App Link: Hyr App

- ✓ **Farmers Harvest**
  - **Tech Stack - React Native, Figma (UI)**
  - Developed and maintained the front-end using React Native, contributing to a **35% improvement** in app responsiveness.
  - Enhanced the app's functionality, resulting in a **30% increase** in user engagement.
  - Collaborated with UX/UI designers to implement design principles, achieving a **25% improvement** in the overall user experience.
  - App Link: Farmers Harvest App

- ✓ **Meri Saheli**
  - o **Tech Stack - React Native, firebase**
  - o Implemented React Native for cross-platform compatibility, contributing to a **30% consistent** user experience.
  - o Integrated Firebase, enhancing the app's **responsiveness by 25**%
  - o Collaborated on personalized shopping features, contributing to a **45%** improvement.
  - o App Link: [Meri Saheli App](#)
- ✓ **Truck Taxi Driver**
  - o **Tech Stack - React Native, firebase,**
  - o Implemented React Native, resulting in a **40% improvement** in a user-friendly interface.
  - o Utilized Firebase for real-time updates, improving communication by **30%.**
  - o Enhanced app features, leading to a **30% increase** in user satisfaction and retention.
  - o App Link: [Truck Taxi Driver App](#)
- ✓ **Albion Property Hub**
  - o **Tech Stack - React Native, firebase,**
  - o Developed and maintained a responsive front-end using React Native, achieving a **35% improvement**.
  - o Integrated Firebase for real-time data synchronization, contributing to a **25% improvement**.
  - o Collaborated with UX/UI designers, creating an intuitive platform with a **40% user** satisfaction increase.
  - o App Link: [Albion Property Hub App](#)
- ✓ **Voosh – 10Min**
  - o **Tech Stack - React Native**
  - o Developed and maintained the front-end using React Native, resulting in a **40% improvement** in visual appeal and user-friendliness.
  - o Collaborated with the delivery team, optimizing processes for a **30% faster delivery.**
  - o Implemented features, contributing to a **30% increase** in overall user satisfaction.
- ✓ **Saj Surveyors**
  - o **Tech Stack - React Native**
  - o Developed and maintained the front-end using React Native, achieving a **40% improvement** in efficiency.
  - o Collaborated with surveyors, resulting in a **30% streamlined** workflow.
  - o Enhanced app performance, contributing to a **30% increase** in responsiveness.
- ✓ **Genie Arabia**
  - o **Tech Stack – Node JS, MongoDB, Express JS, Redis**
  - o Implemented a robust back-end, ensuring efficient data handling with a **35% increase** in performance.
  - o Integrated Redis for caching, leading to a **25% improvement**.
  - o Collaborated on optimizing database queries, resulting in a **40% faster** document retrieval.
